TITAN Medical PF-350 Plain Folding Stretcher

CARE, INSPECTION & RECORDS SUPPLEMENT

NOT OPERATING INSTRUCTIONS

TITAN Easy-Fold Plain Mortuary Stretcher

This model-linked supplement supports equipment identification, care review and record keeping. It does not authorize patient handling, stair use, vehicle loading, installation or operation. Obtain the exact model/serial-specific operating instructions and required training.

Document reference: **PF-350** | Catalog: TITAN Easy-Fold Plain Mortuary Stretcher[1]

CARE & CONDITION REVIEW

PF-350 / Folding stretchers

CONFIRM THE ACTUAL EQUIPMENT

Record the model, serial/lot, asset ID and installed accessories before using this sheet. The catalog document reference is not a replacement for the equipment label. Appearance, options and revisions can differ.

FABRIC/PLATFORM AND FRAME

Record tears, fraying, damaged stitching, distortion, cracks and loose hardware.

FOLD JOINTS AND LOCKS

Record visible damage or missing parts. Opening, locking and load tests require the exact model instructions.

HANDLES AND WHEELS IF FITTED

Record damaged grips, bent supports and visible wheel/axle damage. Plain and wheeled models are not the same configuration.

CLEANING AND DISINFECTION RECORD

Follow the exact equipment instructions and facility-approved process. Record the product, dilution where required, stated wet contact time, date and person completing the task. Material compatibility must be confirmed; this supplement specifies no disinfectant, immersion method, pressure-washing method or electrical cleaning procedure.

SERVICE, LUBRICATION AND RETURN TO SERVICE

Use the exact service instructions and approved parts/lubricants; this supplement establishes no lubrication points, torque settings, test loads or replacement interval. Isolate damaged or uncertain equipment under the facility process and obtain qualified review. Record the work and authorized disposition; cleaning alone does not resolve damage.

PRODUCT FAMILY & SUPPORT

Document reference PF-350

Related catalog entries[1] are navigation references, not statements of interchangeability, identical ratings or accessory compatibility. Each entry requires its own exact operating instructions.

WF-350: TITAN Wheeled Folding Mortuary Stretcher

PF-350: TITAN Easy-Fold Plain Mortuary Stretcher

DOCUMENTATION REQUEST

Provide the equipment-label photo, model and serial/lot, purchase reference and a description of the issue. Ask for the applicable operating IFU and service/parts revision. Do not include patient identifiers in these records.

Equipment documentation and technical support

[1] Catalog identity and product reference: https://www.mymortuarycooler.com/products/easy-fold-plain-mortuary-stretcher

EQUIPMENT & TRAINING RECORDS

Complete for this accessory. Do not record patient-identifying information.

Equipment identity	Enter details
Model / serial or lot / asset ID	
Owner / location / purchase reference	
Compatible equipment / IFU revision	

Training record

Date	Person / trainer	Topic / reference	Signoff

First five annual inspection signoffs

These signoffs supplement pre-use checks and the actual model/facility schedule; they do not establish a validated service interval, certification or replacement life.

Year / date	Inspector / company	Findings / disposition / signature
1 /		
2 /		
3 /		
4 /		
5 /		

CONTINUING CARE & SERVICE LOG

Record inspection, cleaning/disinfection, incident follow-up and disposition. Add sheets when needed.

Model / asset ID: _____ Owner: _____

Include the cleaning product, dilution if applicable, label wet time, equipment state, findings, work reference and authorized disposition. Do not return a damaged component to service after cleaning alone.

Date / activity	Findings / cleaning product / wet time / work	Person / company / disposition

NOTES

Keep model-specific observations and document references here. No patient-identifying information.

TITAN MEDICAL

BUILT FOR LIFE'S CRITICAL WORK.

KEEP THIS DOCUMENT WITH THE EQUIPMENT

Care and records supplement. Not operating instructions. Keep the exact equipment instructions, training record and approved accessory information together.

PRODUCT DOCUMENTATION & SUPPORT
