Owner & equipment information

Folding dressing tables

Record the details from the delivered unit and original order. Keep the original model-specific operating instructions with these records.

Owner / facility

Department / equipment location

Equipment model / family

Standard HD Folding Dressing Table / XL HD Folding Dressing Table

Serial number / asset ID

Order / invoice number

Date purchased / date received

Responsible person / contact

Instruction & safety record

Folding dressing tables

Use this page to identify the original approved instructions used for this particular unit. This record does not establish that training occurred or authorize operation.

Original operating manual: title / document number / revision

Equipment label / load-plate details transcribed from the actual unit

Applicable safety notices and instructions reviewed

Model-specific controls / setup / transfer or folding instruction reference

Unresolved questions / service reference

Operator training log

Folding dressing tables

Complete one row for each training or refresher event. Record the actual manual revision, trainer and demonstrated task; dates and sign-off are left blank for the facility.

Date	Operator / trainee	Instruction revision / task	Trainer / initials

Inspection & cleaning log

Folding dressing tables

Enter the checks and cleaning actually performed under the applicable operating instructions and facility procedures. This form does not prescribe a service interval or disinfectant.

Date / time	Check / cleaning reference	Findings / action	Person / initials

Service & parts history

Folding dressing tables

Record service work, the actual replacement part SKU and the technician’s disposition. Do not treat a completed record as a substitute for required technical approval.

Date	Service / part SKU / work order	Technician / result	Return-to-service reference

Parts & document references
